Significant Event: ☐

Definition: A "significant incident" is defined here as any fire, emergency medical service, technical rescue, or hazardous material incident on an installation or owned property or leased property outside an installation with:

- (a) over \$100,000 property loss averted, or where \$100,000 or more property loss was incurred, or
- (b) at least one serious (disabling - multi-system trauma, cardiac/respiratory arrest) injury or death incurred, or
- (c) at least one serious (disabling - multi-system trauma, cardiac/respiratory arrest) injury or death averted, or
- (d) any incident that will generate adverse public reaction, or
- (e) any incident that will trigger state, national, or international media attention.
- (f) all mutual aid incidents that meet the significant event criteria when F&ES companies provided EMS, technical rescue, HazMat or firefighting services.
